RE: 2BE-ANG1318 Type “B” – Amendment No. 1

Dear Mr. Berry and Ms. Egerton:

Please find attached, Amendment No.1 to Licence No. 2BE-ANG1318, Type “B”, issued to Kivalliq Energy Corporation, by the Nunavut Water Board (NWB or Board) (**Motion 2014-B1-014**) pursuant to its authority under Article 13 of the *Agreement between the Inuit of the Nunavut Settlement Area and Her Majesty the Queen in Right of Canada* and the *Nunavut Waters and Nunavut Surface Rights Tribunal Act*. The terms and conditions of the original Licence related to water use and waste disposal remain an integral part of this approval.

The Licensee should note that although the Nunavut Impact Review Board (NIRB) has determined that this amendment is exempt¹ from screening in accordance with Schedule 12-1 of the Nunavut Land Claim Agreement (NLCA), the original Screening Decision should continue to be consulted in conjunction with the exemption decision as it contains recommendations that are applicable to the overall project. Further, the Licensee should recognize that the Nunavut Planning Commission (NPC) has indicated in its review of the amendment application that the original Conformity Determination² for the project is still applicable; however, any future changes in scope of the project will require review by the NPC.

The NWB strongly recommends that the Licensee consult the comments received from the intervening party on issues identified. This information is attached for your consideration.³

¹ Nunavut Impact Review Board (NIRB) Exempt from Screening Decision, April 7, 2014.

² Nunavut Planning Commission (NPC) Conformity Determination, April 29, 2014.
