Parties are asked to review this document along with the application package. The deadline remains to be **May 12, 2023**. If parties require more time please let us know.

Copies of all documents received in support of this submission can be accessed through the NWB's Public Registry and FTP site using the following Link:

The Nunavut Water board is aware that a number of web browsers are no longer supporting File Transfer Protocol (ftp). If you are having difficulty accessing our FTP site you may need to download an FTP application.
