Re: Application exempt from Screening pursuant to NLCA Schedule 12-1: Kivalliq Energy Corporation's "Angilak" project application

Dear Phyllis Beaulieu:

On March 24, 2014 the Nunavut Impact Review Board (NIRB) received an application from the Kivalliq Energy for an amendment to Kivalliq Energy's Type B Water License 2BE-ANG1318 for the "Angilak" project. The NIRB has determined that the amendment to the Type B Water License 2BE-ANG1318 is exempt from screening pursuant to item 5 of Schedule 12-1 of the Nunavut Land Claims Agreement (NLCA), *Types of Project Proposals Exempt from Screening*:

NLCA Schedule 12-1 (5):

"Water uses that do not require a public hearing under Section 13.7.3".

As this project application is exempt from the requirement for Screening by the NIRB, authorizations associated with this application may be processed by your office. This application is associated with a project proposal which has been previously screened by the NIRB (NIRB File No. 08EN052), and the NIRB's Screening Decision Report may contain recommendations which are relevant to your organization, and to the issuance of any further authorizations associated with the project. A copy of the original March 23, 2012 Screening Decision Report has been enclosed for your review and can be accessed online from the NIRB's public registry using the following link:
