Re: Application Acknowledgement for the Angilak Project

Dear Mr. Robins/Allison Armstrong:

The Nunavut Water Board acknowledges receipt on April 8, 2008 of your new water license application, for the Angilak Project.

We undertook a preliminary review of your application and conclude that it does not contain sufficient information for the NWB to evaluate the qualitative and quantitative effects of the use of water or the deposit of waste on water. Specifically, we are asking you to provide the following:

- Cover letter in electronic format
- Application in electronic format
- Remote camp questionnaire in electronic format
- Appendix A – Non-Technical Summary in electronic format
- Project summary in Inuktitut

We will resume the processing of your application once we receive the requested information. Please forward the above documents to my attention at the email address below.

Also required is a \$30.00 Water Use Fee, pursuant to the Northwest Territories Waters Regulations, which became effective as of January 1, 2004. Please refer to these regulations which are on our ftp site at <http://nunavutwaterboard.org/ftp/>.

Please call the undersigned at (867) 360-6338 or email at [licensing@nunavutwaterboard.org](mailto:licensing@nunavutwaterboard.org) if you have any questions.

Sincerely,
