Subject: Kivalliq Energy Corporation – Angilak Project - New – Type “B”

Dear Mr. Robins:

The Nunavut Water Board (“NWB”) acknowledges receipt of your new application for a Type “B” water license on April 8, 2008, for water use and waste disposal associated with exploration and camp activities for the Angilak Project, in the Kivalliq region of Nunavut. The application can be obtained from our ftp site at the following link:

<http://nunavutwaterboard.org/ftp/> or by contacting our office. Please refer to the folder 2BE – EXPLORATION / 2BE-ANG.

We undertook a preliminary review of your application and conclude that it meets the requirements of section 48(1) of the *Nunavut Waters and Nunavut Surface Rights Tribunal Act* (“Act”). This said, I must inform you that the NWB reserves the right to request additional information and studies pursuant to sections 48(2) of the Act or, alternatively, issue guidelines for the provision of information pursuant to section 48(3) of the Act. An Inuktitut project summary is available upon request.

A Nunavut Water Board Technical Advisor may be in touch with you to clarify any technical details related to your application.

Please note that the NWB has received a positive conformity from the Nunavut Planning Commission and have notified the NWB that the project proposal has been forwarded to NIRB for an environmental screening.

Finally, by copy of this letter to the distribution list and the enclosed notice of application sent to the council of the municipality or municipalities most affected by your application, we invite interested persons to make representation directly to the NWB **within 30 days from the date of this letter.**

Take note that included in the application is a Spill Response Plan as well as an Abandonment and Restoration Plan and a Uranium Exploration Plan which require review and comment. The NWB may provide additional procedural instructions once the application has been reviewed by interested parties.

Sincerely,

*Original signed by:*
