Subject: NIRB Screening of Kivalliq Energy Corporation's Angilak Project Proposal

Hello,

The Nunavut Impact Review Board (NIRB) received an application from the Nunavut Planning Commission for Kivalliq Energy Corporation's Angilak project proposal and commenced screening of the project proposal as per Section 12.4 of the Nunavut Land Claims Agreement (NLCA). The NIRB requests that authorizing agencies hold off on issuing a licence or approval until NIRB completed the screening of the project as outlined in Section 12.10.1 of the NLCA.

In addition, NIRB requests that a copy of the application (licence or approvals) for this project proposal be forwarded to our office to complete the screening of the project proposal.

Please forward copies directly to me at sgranchinho@nirb.ca. If you have any questions or concerns, feel free to contact me at 867-983-4607 or sgranchinho@nirb.ca.

Regards,
