Dear Allison Rippin-Armstrong:

On April 29, 2008 the Nunavut Impact Review Board (NIRB or Board) received a positive conformity determination for the Kivalliq Energy Corporation's Angilak project proposal from the Nunavut Planning Commission (NPC). On May 5, 2008 NIRB received the Land Use Application from Indian and Northern Affairs Canada (INAC). NIRB has assigned this project proposal file number 08EN052. All documents received and pertaining to this project proposal include:

- *NPC Conformity Determination with the Keewatin Regional Land Use Plan*
- *INAC's Land Use Application for Land Use Permit*
- *Kivalliq Inuit Association Application for Access to Inuit Owned Land*
- *Appendix A – Non Technical Summary in English*
- *Appendix B – Abandonment and Restoration Plan*
- *Appendix C – Spill Contingency Plan*
- *Uranium Exploration Plan*
- *Wildlife Mitigation Measures*
- *Maps*

On March 28, 2008, NIRB forwarded correspondence to the Kivalliq Energy Corporation indicating that the NIRB had undertaken a preliminary completeness check and found that your project proposal did ***not*** contain sufficient information for the NIRB to conduct an environmental screening. The information requested was not received to date. The NIRB is requesting again submission of the following information within 2 weeks from the date of this letter:

- *NIRB Part 1 Summary Application Form in English*
- *NIRB Part 1 Summary Application Form in Inuktitut*
- *Non technical Project Proposal summary in Inuktitut*
- *NIRB Part 2 Form - Project Specific Information Requirements (PSIR)*

- *Clear Maps of the area of exploration*

Please forward all forthcoming submission to NIRB's Manager of Environmental Administration Leslie Payette at lpayette@nirb.ca or via fax at (867) 983-2594.

If you have any questions or concerns, feel free to contact me at 867-983-4607 or sgranchinho@nirb.ca.
