Subject: Request for Information

EBA Engineering Consultants Ltd. (EBA) has been retained by Advanced Exploration Inc., to perform a Phase 1 Environmental Site Assessment on Taloyoak Qulliq Energy Power Plant, which is located at Eastern Part of Hamlet of Taloyoak, south of the (old) Hamlet Maintenance Shop, north of the NTPC power plant

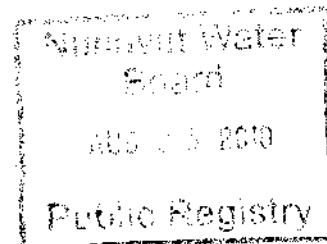

We would be grateful if you would kindly provide information regarding "Notices to Comply" for the subject property. A copy of authorization from the site owner for the release of related information is attached.

Thank you for your assistance in this matter.

## Form 1

# Indemnification and Release of Liability for a Request by a Consulting Company to Environment Canada for Regulatory Information Searches

We, the undersigned, in consideration of the goods and services received (the sufficiency and receipt of which is acknowledged), release Her Majesty the Queen in right of Canada, the Minister of the Environment and employees of the Department of the Environment from and against any and all claims of liability and demands, actions, causes of action, contracts, suits, costs, charges, expenses and proceedings whatsoever which we, our heirs, executors, administrators or assigns or any of them, may have for any past, present or future loss or damage arising directly or indirectly from a search, conducted at our request, of the files and records of Environment Canada for regulatory information, and the subsequent use of any regulatory information obtained as a result of the aforesaid search.

We, the undersigned, in consideration of the goods and services received (the sufficiency and receipt of which is acknowledged), shall indemnify and save harmless Her Majesty the Queen in right of Canada, the Minister of the Environment and employees of the Department of the Environment from and against any and all claims of liability and demands, actions, causes of action, suits, costs, charges, expenses and proceedings by whomever made, brought or prosecuted in any manner with respect to or in connection ~~with any past, present or future loss, harm or damage arising directly or indirectly from a search, conducted at our request, of the files and records of Environment Canada for regulatory information, and the subsequent use of any regulatory information obtained as a result of the aforesaid search.~~
