Re: Renewal Application for NWB2ANI0406

Dear Ms. Beaulieu,

Enclosed please find a duly completed application with all requisite attachments requesting the renewal of the above referenced water license.

I will contact you by telephone to pay the \$30.00 application fee and the \$30.00 water use fee via credit card.

Please note that the general scope of the project remains the same however there have been 2 modifications made. One involves the addition of Mineral Claims F91871 to F91882 (inclusive) to the land use area, and the second involves the addition of a series of five possible fly camp locations. A figure depicting the new mineral claims and the possible fly camp locations is included with this application.

If you have any questions in regards to this submission please contact the undersigned at your earliest convenience.

Yours truly,
STRONGBOW EXPLORATION INC.
