Thank you for the information. However, it is not my responsibility to make changes to any documents received in this office. May I suggest that you make the necessary revisions as indicated in Part G, Item 1 of your current license and send in the complete document. Thank you.

Subject: Strongbow's Spill Response Plan - Changes

Dear Phyllis,

I have just left a phone message for you regarding the same comments I have below.

1. Changes to the Spill response plan for Anialik River (NWB2ANI) and Tree River (NWB2TRE) applications. Under the "Detailed Response Plan", item (c), the locations of camps currently states that "camp is likely located on Crown Lands along the north shore of Canoe Lake (66° 59' 34" N, 111° 07' 00" W)". Instead, it should read the following:

Anialik River project: "camps are likely located along Rush Lake (67° 15' 15" N, 111° 04' 38" W) on IOL parcel CO-81 and Mistake Lake (67° 30' 15" N, 111° 01' 56" W) on IOL parcel CO-30".

Tree River project: "camp is likely located on Crown lands within the CJ2 claim (67° 04' 10" N, 112° 04' 20" W)".

Thanks for your attention.

Regards,

Felicia Chang, Geologist
