RE: Revocation of Direction 2016-KIT014-EP, issued to Alix Resources Corp. on November 30, 2016 pursuant to 87(1) of the *Nunavut Waters and Nunavut Surface Rights Tribunal Act* (NWNSRTA)

Mr. England,

An Inspector's Direction dated November 30, 2016 was issued to Alix Resources Corp. (Alix) to undertake the full reclamation and remediation of the Arcadia Project, licensed under the (expired) Nunavut Water Board water licence 2BE-ARC0813. Alix was directed to remove all waste, to remediate contaminated areas, and to provide a report with photographs showing the completed work by September 30, 2017.

September 7, 2017, I received a report with photographs demonstrating that the work has been completed as required. I have reviewed the report and am satisfied with the evidence provided in this matter. This correspondence is to inform Alix Resources Corp. that Alix is now deemed to have met the conditions of Inspector's Direction 2016-KIT014-EP and the Direction is hereby revoked.

A final inspection of the reclamation will be undertaken at the department's earliest convenience.
