In regard to your query on whether or not to proceed with the application to cancel the above licence, I would suggest that you apply for the cancellation now and as indicated by the Inspector, once the final clean up has been done and a report with photos has been provided the licence will be recommended for cancellation by Water Resources. Attached is a copy of the application form. Please send to my attention along with a brief summary in English and Inuktitut. As well, our office requires the \$30.00 administration fee.
