Subject: Ashton Water Licence 2BE-ASH0611 Cancellation

To: Robin Hopkins <rhopkins@stornowaydiamonds.com>Cc: Phyllis Beaulieu <phyllis.beaulieu@nwb-oen.ca>, "Frances kwong(frances.kwong@vaaldiam.com)" <frances.kwong@vaaldiam.com>

Hello Robin,

Thank you for the report. I appreciate the time that was taken to document your work; I am satisfied that the work meets the Abandonment and Reclamation requirements of the licence. Based on this report I can comfortably waive the requirement for a follow-up inspection.

As such, this licence can be cancelled when the NWB feels that administrative requirements have been met.

Regards,

Eva Paul

Hello Eva

Attached please a cover letter and a brief report with photographs documenting reclamation work undertaken in response to your letter of November 20, 2013 ("Inspection of Water Licence 2BE-ASH0611, September 16, 2013").

One of our geologists has just returned from a field program elsewhere in the territories, during which he was able to use the helicopter to visit the seven drill collars of concern and remove any materials remaining from the 2005 drill program.

This report will hopefully allow closure of the water licence. A cancellation request pertaining to this licence has been previously submitted to the Nunavut Water Board in this regard. If there are any questions, please do not hesitate to contact us.
