Dear Mr. Hundt,

The NWB has received your water licence application for the North Central Baffin Project. The map attached to the application is useful for getting an overview of De Beers intended work area. The NWB also requires a more detailed map of the camp area. Please include a 1:50,000 of the camp area, indicating the water supply source and location of camp facilities and fuel supply by fax at 867-360-6769.

Furthermore, the NWB will be contemplating the project as proposed in the application, in which no drilling is intended from 2002-2004.

If you have any questions or concerns, please do not hesitate to contact me by email or telephone at 867-360-6338.

Sincerely,  
Alexandra Thomson
