**RE: APPLICATION FOR WATER LICENCE, INDICATOR MINERALS INC. BARROW  
PROJECTS, KITIKMEOT REGION, NUNAVUT**

Dear Mr. Murdock

Please find below a response to your email enquiry regarding Indicator Minerals Inc, Water license application supplemental questionnaire for the Barrow project. (NWB2BAR). Please contact me at (250) 491-1038 or Johanna Tuck at (250) 344-2345 should there be any additional questions, comments or further requested information.

The questions below relate to the initial Barrow water license application submitted.

Question 5

Similar programs will be conducted in years 2006 – 2009 as detailed for 2005.

Question 18

Land based and ice based drilling

Question 19

Appendix F – Sec7, pg9, Appendix B - pg4

Question 20

Appendix F – Sec7, pg9, Appendix B - pg4

Question 21

Appendix D – pg2, 6, 9

Question 25

Appendix D – Sec4.pg7, Appendix B pg2

Question 27

Drilling Units:

Accounting for recirculation of water and hours of active drilling per day, a max of 30m<sup>3</sup> per day will be used, per drill. We estimate 25 drill days in the 2005 exploration season.

Question 32

Appendix F – sec7, pg9 and Appendix D MSDS sheets

Question 34

No authorization has been requested yet, however consultation with the hamlet of Kugarruk will be conducted.

Question 38

Appendix C, Appendix F Sec12.

Thanks in advance.

Dennis Doulos
