Re: Application Acknowledgement for New Water License – Blue Caribou Project

Dear Mr. Downie:

The Nunavut Water Board acknowledges receipt on January 3, 2008 of your new water license application, for the Blue Caribou Project. Please quote the above file number on all correspondence.

We undertook a preliminary review of your application and conclude that it does not contain sufficient information for the NWB to evaluate the qualitative and quantitative effects of the use of water or the deposit of waste. Specifically, we are asking you to provide the following:.....

- Electronic copy of all documentation, forwarded to my attention;
- Remote camp questionnaire (although the application indicates no camp, there is information on the questionnaire that is required to assess the application in regard to disposal of waste);
- Map of your area of operation that is no larger than 11 x 17;
- MSDS sheets for all products used for drilling operation;
- Spill Contingency Plan;
- Abandonment and Restoration Plan

We will resume the processing of your application once we receive the requested information.

Please call the undersigned at (867) 360-6338 or email at licensing@nunavutwaterboard.org if you have any questions.

Sincerely,

Original signed by:

Phyllis Beaulieu
Manager of Licensing
