| During the July 7, 2013 inspection, deficiencies were noted with respect to the reclamation of drill holes under NWB water licence 2BE-BLU0812. Mega carried out remedial work August 10-15 2014 as required, and I was able to conduct a follow-up inspection shortly thereafter. All drill holes were found to be reclaimed in compliance with the licence. | | | |
| I am satisfied that the licence conditions have been met. No further inspections are required prior to licence cancellation. | | | |
