Subject: RE: Exploration and drilling activities in the Booth River Area

Ms. Beaulieu:

We will not be undertaking any drilling until June 05. We are currently defining our target area and will shortly be applying for a water license.

Thanks

Doug Bryan

Subject: Exploration and drilling activities in the Booth River Area

Good afternoon Mr. Bryan. I've received notification that activities pertaining to exploration and drilling will be commencing, or have already commenced in the above mentioned area. Our office, the Nunavut Water Board, has not received an application for a Water License, which is required in order to begin this type of operation. Please advise as soon as possible if a water license application is forthcoming.

Thank you.

Phyllis Beaulieu
