RE: Nunavut Water Licence 2BE-BOT0507 (Booth River)

Dear Mr. Owen,

As the Water Resource Officer for Aboriginal Affairs and Northern Development Canada in the Kitikmeot Region, Nunavut, I am reviewing outstanding files in my region.

The Booth River licence is long-expired, however, water licences in Nunavut remain in effect until they are cancelled by the Nunavut Water Board. I understand that there was an inspection conducted in 2012 by my colleague Baba Pedersen of the Land Use Permit associated with this project: N2004C0032 and that there remains outstanding work to be done on this file.

The following action is required with respect to this water licence and Land Use Permit:

1. Proof of Change-of-Name from Allyn Resources Inc. to Troy Energy Corp. must be submitted to the Nunavut Water Board.
2. Outstanding reclamation work as per Baba Pedersen's inspection report is to be carried out and a report with photos should be submitted to Mr. Pedersen and to me, and copied to the Nunavut Water Board to confirm that the work has been completed.
3. Submissions to the Nunavut Water Board should be sent to Phyllis Beaulieu:
licensing@nunavutwaterboard.org.

Attached for your reference is a copy of Mr. Pedersen's 2012 report. His report outlines the timelines in which this work should be completed. If you have any questions, please do not hesitate to contact me or Mr. Pedersen regarding this work.

Sincerely,

Eva Paul
