Hi Phyllis,

The decision was made in 2010 and you can find this file in the 2010 completed screenings folder. To date, the Minister has not responded to the NIRB decision. Our office has received no correspondence either accepting or overturning the Board's 12.4.4 (d) decision. Hopefully there will be some response in the near future.

Best regards,

Good afternoon NIRB – On February 22, 2010 the NWB received notification from NIRB recommending that the proponent either modify the proposal or abandon it. Has there been any further information forthcoming on this file as I'm not able to locate anything on your ftp site.?
