The proposed Project conforms to the North Baffin Land Use Plan. It is an extension request and no review is required from NPC.

Hi Bobby;

Just for my own understanding this assignment of licence conforms to the [Richard Dwyer] North Baffin Land Use Plan?

7/13/2007

Hi Richard,

I just faxed you a copy of last year's conformity for the Brodeur Project. It was conformed under an INAC file (INAC 2006C0032). Therefore the terms of that conformity review last year will be part of the permitting process of this year's proposed project application.

Hi Bobby;

I'd just like confirmation over e-mail that last years Nunavut Planning Conformity will be sufficient as there is no change to the project in the assignment of licence.
