Subject: Kennecott Canada Exploration Inc. – Land Use Plan Conformity Review – Amendment 2002

The Nunavut Water Board received an application for a license amendment on June 12, 2002 from Kennecott Canada Exploration Inc. for a relocation of camp associated with exploratory drilling for the Brodeur Peninsula Project in the Qikiqtani region.

In accordance with S.11.5.10 of the *Agreement Between the Inuit of the Nunavut Settlement Area and Her Majesty the Queen in Right of Canada*, this project shall be reviewed by the Nunavut Planning Commission to determine conformity with an approved land use plan, before it can be processed by the Nunavut Water Board.

I am sending the received application and associated documents along with this letter. Please note that this license was last reviewed by NPC in June, 2002.

Upon completion of the review, please forward the project proposal with your determination and any recommendations to our office or other appropriate federal or territorial agencies as required. The Nunavut Water Board would appreciate receiving a copy of any correspondence that would indicate the status of the conformity check.

Sincerely,
