Dear Rita:

Re: Your file NWB2BRO

At our Regular Council Meeting on May 10, 2001 Council reviewed Kennecott Canada Exploration Inc. application for a Water License and having no concerns they approved resolution # 86-2001 as follows:

Motion # 86-2001

Moved by: Qavavauq Issuqangitug

Seconded by: Pauloosie Kaujak

That after review of the Kennecott Canada Exploration Inc. application for a water license and having no concerns Council is in favour of the water license being granted. Due to the proximity of the exploration activities to Arctic Bay Council would appreciate a report from Kennecott Canada Exploration Inc. at the end of their prospecting season this year.

Carried Unanimously

Sincerely,

Cecil O. Marshall
Senior Administrative Officer
