Re: Requirement for Additional Information Water License Application – Bugs Project

Dear Mr. Charlton:

The initial review of your application has been completed and further information has been requested by the parties. Copies of comments received are hereto attached. Please provide the following documents:

- a) supplementary questionnaire
- b) updated spill contingency plan
- c) an abandonment and restoration plan
- d) uranium exploration plan

Since drilling is now a component of your amendment, and uranium is the identified deposit, these documents are required to complete the application. Please forward electronically as soon as possible so we may complete the processing of this file.

Please call the undersigned at (867) 360-6338 or e-mail licensing@nunavutwaterboard.org if you have any questions.

Sincerely,
