Hi Phyllis,

I'm sorry I didn't respond to this sooner, I was in the field at the time and now it's so far down my inbox I just noticed it there!

As indicated in the inspection Report submitted September 5, 2013, I don't believe any work was conducted under this licence. If the NWB is satisfied that administrative requirements have been met, the licence can be cancelled.

Regards,

Eva

Good day Eva:

On September 30, 2013 the attached was provided to the Nunavut Water Board for closure of 2E-COR0508 and 2BE-CGP1012. 2BE-CGR1012 is another file closely related to COR and CGP. Based on the information provided and considering the relationship between the three files, our office would like to confirm that we can now close/cancel 2BE-CGR1012.
