Hello Mr. Kidston,

Thank you for your report of September 27, 2013 regarding Eureka Camp. Based on your report I am satisfied that reclamation requirements have been met. I do not feel that a follow-up inspection will be required. As such, I am recommending that the NWB cancel or close these licences when they feel that the administrative requirements have been met.

Best Regards,

Eva Paul

Hi Eva,

Joe Kidston here. We chatted on the phone a few days ago regarding your inspection report for the old Eureka camp-site in Nunavut. As I mentioned on the phone, I took the initiative to fly up there last week to personally address all your concerns. Attached is a summary report (with photos) of the actions taken and work done. As such we would like to request closure of licences 2BE-COR0608 and 2BE-CGP1012 please. If you have any questions, please feel free to email or call me at the contact info below.

Thanks for your time,

Joe Kidston, P. Geol.
