Greetings, Phyllis, As NIRB has taken longer than anticipated to complete their screening of the amendment application, Peregrine would not object to an extension of the comment period as requested by Mr. Blouin of GN. However, I would respectfully ask the NWB to be aware, as per our application, that activity such as establishment of the CH-6 Temporary Camp and move-in of the RC drill is scheduled to occur starting in mid-February 2012, and we would require our amendment by that time. Best regards, and thanks very much for your e-mail. -- ssp

Subject: 2BE-CHI0813 Request for Extension to Comments

Good morning Shirley, on November 14, 2011, Jean Daniel Blouin of GN requested an extension to the deadline for comments on the above file until November 25, 2011. Due to the fact that NIRB are still screening this project with their deadline indicated as November 24th I respectfully request that this extension be granted. Please provide a response back to the NWB with a cc to Jean.

Thank you.

Regards,

Phyllis Beaulieu
