Good afternoon, email confirming that noted (above-N2008C0005/2BE-CHI0813) proposal falls outside an approved land use planning boundary, conformity determination by the NPC will not be required.

Any questions concerns, please do not hesitate.

Greetings, Brian,

Following upon our correspondence last week, I need to reconfirm with NPC that a conformity determination is not required for Peregrine projects under way on the Hall Peninsula, South Baffin Island. (In your e-mail last week, you confirmed that there is no land-use plan in respect of the Cumberland Peninsula, which is just north of the Hall Peninsula.)

I cannot locate original correspondence from you with respect to our Chidliak Project (N2008C0005 – INAC permit) and (2BE-CHI0813 – NWB Type B water licence).

Best regards, and thank you for your assistance,
