Gjoa Haven, NU X0B 1J0

Dear Mr. Monteith & Mr Dwyer:

**RE: PEREGRINE WATER LICENSE 2BE-CHI2333 – CONDITION TO SUBMIT WATER SOURCE
COORDINATES**

On May 18, 2023 Peregrine Diamonds was issued a Type B water license renewal (2BE-CHI2333). Water use condition Part C item 5 was included in the License with requirements to submit coordinates of water sources under the license.

This document serves to fulfill the requirements of the described condition. De Beers will be returning to Discovery Camp and will continue taking water as early as February 1, 2025 for domestic purposes.

Water will be taken at the Deep Hole 66°33' 17.25"W, 64°16' 20.25"N. Should the location be difficult to access at the time of the taking a secondary source will be used from the Sunrise Lake West 66°10' 34.63"W, 64°13' 26.13"N until the primary water source is accessible. Each location is listed in the current water license 2BE-CHI2333.

If you have any questions on this matter please contact me by telephone at (249)-377-4445 or by email chad.corson@debeersgroup.com.

Sincerely,

Chad Corson
Permitting Coordinator
