Good morning,

Please see attached, submission from De Beers Group of the Water Source Coordinates as required under Part C; Item 5. of the Licence which states. " The Licensee shall provide a notice to an Inspector and the Board that includes the coordinates of each water source to be used for the purposes outlined in Part C, Item 1, at least ten (10) days prior to using the water source. "

This is distributed for information.

Copies of all documents received in support of this submission can be accessed through the NWB's Public Registry and FTP site using the following Link:

<ftp://ftp.nwb-oen.ca/registry/2%20MINING%20MILLING/2B/2BE%20-%20Exploration/2BE-CHI2333%20Peregrine/3%20TECH/C%20WATER%20USE>

The Nunavut Water board is aware that a number of web browsers are no longer supporting File Transfer Protocol (ftp). If you are having difficulty accessing our FTP site you may need to download an FTP application. We have been recommending the FileZilla Client below to access the files, which is a free and open source application. A link can be found below:

Please let me know if you have any questions or concerns.

Regards,

Robert Hunter
Licensing Administrator
