

BEFORE – JURC005 and JURC006

DURING – JURC005 and JURC006

AFTER – JURC005 and JURC006

Stake left in ground with hole details

Retention bags left in field for up to 1 year, then re-contoured

BEFORE – JURC009 and JURC010

All pads have coco matting at base, and then timbers over the top to minimise disturbance to plants. Drill rig then sits on top of the timber.

Example from – JURC005 and JURC006

DURING – JURC009 and JURC010

AFTER – JURC009 and JURC010

Stake left in ground with hole details
