RE: North Country Gold Corp. 2015 Annual Report

Dear Ms Beaulieu,

Please find enclosed a copy of North Country Gold Corp's 2015 Annual Report which includes the NWB standard reporting form for the Committee Bay Project (CBP) (Water Licence 2BECRA1520).

I would also like to take this opportunity to introduce you to Auryn Resources Inc. (Auryn). Auryn acquired North Country Gold Corp (NCGC) via a share based transaction in September of 2015. NCGC remains the operator of the Committee Bay Project but is now a 100% owned subsidiary of Auryn. NCGC's new corporate address has changed to:

NORTH COUNTRY GOLD CORP.
600 – 1199 West Hastings Street
Vancouver, BC, Canada V6E3T5

Auryn Resources is a Vancouver based junior gold exploration company with an excellent track record of success in the discovery and development of mineral deposits globally. Prior to the acquisition of the CBP, Auryn conducted an extensive review of projects worldwide. The CBP and Nunavut was selected due to the potential of the project in a progressive, established jurisdiction. Auryn is committed to the CBP, Nunavut and conducting business in a socially and environmentally responsible manner.

Please do not hesitate to contact either myself or Simeon Robinson, P.Geo (Project Manager – North Country) should you have any questions or comments.

Sincerely,

North Country Gold Corp.

Peter Rees
Director
