RE: NWB Technical Review of 2016, 2017 and 2018 Annual Reports for the Committee Bay Project; Water Licence No. 2BE-CRA1520

Dear Mr. Atkinson:

The Nunavut Water Board (NWB or Board) has completed a technical review of the 2016, 2017 and 2018 Annual Report submissions provided to the Board on December 07, 2016, December 06, 2017, and January 02, 2019, respectively.

On February 09, 2017, December 06, 2017, and January 07, 2019, the Board acknowledged receipt of the respective 2016, 2017 and 2018 Annual Reports and provided them to the Kitikmeot and Kivalliq distribution lists for information. No comments have been received to date.

The technical review of the Annual Reports determined that the information provided generally addresses the requirements of the above stated Water Licence.

The Board notes that the updated Management Plan entitled “Hayes Camp Waste Water Treatment System Management Plan Revision 2” dated February 2017 (Plan) was submitted to the NWB on March 16, 2017. The technical review of this Plan found it to be complete and meeting the requirements of current Water Licence.

Should you have any questions, please feel free to contact the undersigned at (867) 360-6338 (extension 29) or sergey.kuflevskiy@nwb-oen.ca, at your earliest convenience.

Sincerely,

Sergey Kuflevskiy
