MINERAL EXPLORATION CONSULTANTS

April 29, 2011.

Phyllis Beaulieu,  
Manager Of Licensing,  
Nunavut Water Board,  
P. O. Box 119,  
Gjoa Haven, Nunavut.  
CANADA X0 B 1J0

Dear Phyllis:

Please find enclosed a completed Nunavut Water Board Licence Application requesting a water licence that will be utilized during a proposed 2012 mineral exploration program in the Walker Lake area of Nunavut by Golden Bull Resources Corporation (GBR).

Two cheques, made out to the Receiver General of Canada, both in the amount of \$30.00 have also been attached to cover the NWB application fee and the 2012 deposit for water use fee. They can be found in the envelope attached to the cover of the bound application documents. Upon receipt, I would appreciate receiving a receipt via e-mail ([inukshuk@uniserve.com](mailto:inukshuk@uniserve.com)).

In addition to the enclosed Nunavut Water Board application, GBR is also concurrently submitting an application for a Land Use Permit with INAC and all required documents required once a project screening with NIRB has been triggered.

Access to Kitikmeot IOL lands is not required as all the existing mineral claims and proposed camp sites are on located on Crown land.

If you have any additional questions or require further information, please contact me directly at the address above or via e-mail at: [inukshuk@uniserve.com](mailto:inukshuk@uniserve.com).

Regards,

Bruce E. Goad, P. Geo., M. Sc., F.G.A.C.
