Dear Madam

**RE: NORTH JAMES RIVER PROPERTY**

**Application for a Water Licence dated August 11, 2004  
Cygnet Lake Area, Kitikmeot. Nunavut**

Further to our application dated August 11, 2004, we wish to revise the location of the camp from the proposed site on the east side of Hook Lake to a site on the east side of Cygnet Lake. This will place the camp much closer to the drilling area and reduce the amount of helicopter time required to service the drill. Attached are three plans showing the revised camp location.

Should you have any questions with respect to this submission, please do not hesitate to call either myself or Geoff Goodall at 604-687-2038.

Yours very truly,

PURE GOLD MINERALS INC.
