Dear Phyllis Beaulieu:

Please find attached Indicator Mineral's application for renewal of their existing water licence, NWB2DBY0509 which applies to the Darby Project in the Kitikmeot region and is due to expire on 30 November 2009. We would like to renew the licence for a period of 5 years. The scope of the project has not changed since the current water licence was originally acquired (as such, please refer to the original application for information on the supplementary questionnaires). Included with the application form are the Inuktitut and English Project Summaries. The application and 2009-2010 water use fees have been previously submitted.

If you have any concerns or comments concerning this application, please contact myself or Dennis Doulos at Indicator Minerals at dennisd@indicatorminerals.com or via telephone at 604.331.4654.

Regards,

A handwritten signature in blue ink, appearing to read "KJ Weir".
