29 May 2012

Dear Phyllis Beaulieu:

During 2011, Indicator Minerals Inc conducted no exploration work program on their Darby Project, NWB Licence 2BE-DBY1014. Crews were on site to remove the camp from the property for approximately 5 weeks throughout the spring and summer of 2011.

If you have any concerns or comments, please contact Andrea Maynes at Indicator Minerals at [amaynes@westmelville.com](mailto:amaynes@westmelville.com) or via telephone at 604.646.4527.

Regards,

Karen-Jane Weir
