Dear Mr. Holwell

**RE: INAC File # N2008C0030 – Uranium North Resources Corp.**

INAC land use permit application/proposal listed above was reviewed for conformity against the Keewatin Regional Land Use Plan (KRLUP) under NWS file # 28E DUB on May 14, 2008. After reviewing the file, NPC finds that the above application/proposal does not require the proponent to agree to terms which has been previously agreed to.

Therefore no conformity determination is needed. I have attached those terms in which the proponent undersigned with this letter which INC, as an recognized authorizing agency under the *NLCA*, is responsible to implement the attached requirements by incorporating the requirements directly, or otherwise ensuring that they be met, in terms of the conditions of any authorizations issues.

My office would be pleased to discuss these with you on how to best implement these requirements and to review any draft authorizations that you wish to provide for that purpose.

Thank You

Brian Aglukark, NPC  
Arviat
