Re: Final Inspection, Water Licence no. 2BE-DUB0812

Mr. Kolebaba,

On July 24th, 2017 an inspection was completed of the South Baker Project by Indigenous and Northern Affairs Canada's Field Operations Division. The inspection confirmed that the issues noted in the 2014 water licence inspection report had been resolved.

Based on this information, the inspection reports filed under land use permit no. N2008C0030 and correspondence with your company, Field Operations Division has determined that a final inspection has been completed.

If you have any questions regarding this letter, please contact me directly at the coordinates found below.

Regards,

Christine Wilson
Water Resource Officer
