### DURA-BASE® Mat System Facts & Features

#### PRICE:

For quantity discount pricing  
please contact **CMS**  
or your local distributor.

#### SIZE:

8' x 14' x 4.25"  
91 square feet of usable surface  
12" overhanging lip on all sides

#### WEIGHT:

1050 pounds (large mat)  
525 pounds (small mat)

#### STRENGTH:

600 psi compressive strength

#### WEIGHT DISTRIBUTION:

The weight on top of the DURA-BASE® is distributed through the 12 inch Overhanging lip on the outer edges of the DURA-BASE® System. This transfer of load from one mat to another allows for a smaller footprint on the environment and a stronger mat.

#### COLORS:

Desert Tan

#### Locking Pins:

Off-White

12 inch Overlapping Edges Allow Transfer of Load from one Mat to Another
