Dear Mr Phyllis Beaulieu,

**Re: Licence No. 2BE-EDE0608****Keewatin Project - Edehon Lake - Kivalliq Region**

With reference to the Licence No. 2BE-EDE0608 for mineral exploration at the Edehon Lake, Kivalliq, Nunavut location, we hereby inform you that we are currently mobilizing to conduct a summer drill program for approximately 30 days.

Please note the following details:

**Camp:** use of the Henik Lake Adventures Camp at Edehon Lake

Coordinates: 60° 28' 06.35" N and 97° 24' 51.18" W

**Summary of operations:**

6 short diamond drill holes totalling 1,500m over Claim No. F72985 to F72996.

**Personnel in Camp:**

Camp Supervisor and Cook contracted with Eskimo point Lumber Supply, Arviat.

6 Drill crew from MultiDrilling, Rouyn Noranda, Quebec.

Chris Pegg – Tri Origin Geologist

Pilot + Engineer from Provincial helicopters, Lac du Bonnet, Manitoba

**Equipment:**

Drilling Equipment – BB37 Surface drilling equipment including water pressure pumps

Tri Origin Exploration has the Company's Health & Safety Manual in the camp which includes the Spill Contingency Plan and the Abandonment and Restoration Plan which will be adhered to as will the allocated permitted usage of water of 100 cubic metres per day. Tri Origin will prepare the annual report for filing once the project has been completed.

Kindly distribute to the relevant Nunavut Boards and government departments for notification and please do not hesitate to contact the writer if further information is required.

Regards
