Re: Ferguson Lake Project - Annual Reports/Abandonment and Reclamation Plan

Dear Mrs. Beaulieu,

This letter is to inform you that we are providing reports which you have requested to continue processing Ferguson Lake's Water License 2BE-FER0712 Renewal Application. It is our understanding that some of these reports were submitted to the NWB in 2008 and 2009 and were not located on your office. We have located these reports and are re-submitting them. You also requested a letter from Starfield that authorizes Rescan Environmental Services Ltd. to act on their behalf. That letter was emailed to your office by Starfield on December 4, 2012. The reports submitted are attached and include the following:

1. Annual reports for 2007, 2008, 2009, 2010 and 2011; and
2. Revised/updated Abandonment and Restoration Plan

We hope that this addresses your request and the application process can continue. Should you require further information, please do not hesitate to contact me.

Sincerely,

RESCAN™ ENVIRONMENTAL SERVICES LTD.
