Re: Renewal of Water License 2BE-FER0712

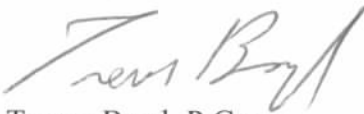

Dear Ms. Beaulieu,

Canadian North Resources and Development Corp (CNRD) would like to request a renewal for Water License 2BE-FER0712 from the application for renewal provided by Starfield Resources originally submitted in July, 2012 so to continue exploration of their mineral claims in the Ferguson Lake area.

Water License 2BE-FER0712 is for the purpose of staking and prospecting, exploration, drilling, and fuel storage. It expired on July 1, 2012 and CNRD would like to request an extension.

Please find with this letter the application renewal fees totaling \$60.00, as well as the renewal application in CNRD's name and attached appropriate documentation. CNRD's Work Plan for 2014 remains pending and will be provided to the Nunavut Water Board based upon the project exploration budget to be decided in December. Feel free to email (boyd3@sympatico.ca) or call (416 919 9017) with questions and/or concerns.

Best Regards,

Trevor Boyd, P. Geo.
Canadian North Resources and Development Corp.
