Re: Application for Assignment of Water License

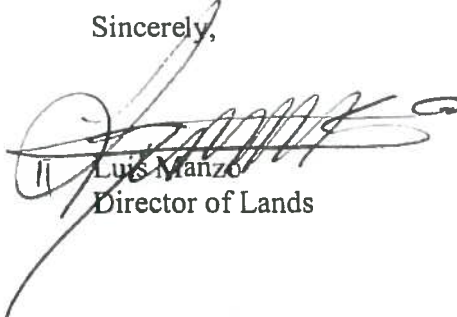

Dear Mr. Boyd

Please be advised that the Kivalliq Inuit Association (KIA) does not have a Water Compensation Agreement associated with the former Starfield Resources Limited, Ferguson Lake Property at this time. Assignment of water use license 2BE-FERO712 is not expected to interfere with potential future compensation agreements.

Water use fees associated with the Land Use License issued by KIA for the property are in good standing and were considered part of the assignment of Commercial Lease KVCL305H27.

If you require further clarification please contact the undersigned at your earliest convenience.

Sincerely,

Luis Manzo
Director of Lands
