Good morning;

NPC faxed questionnaire to a Andre Douchane of Starfield Resources Inc. on July 4, 2007 as part of the conformity determination process against the Keewatin Regional Land Use Plan. To this day Andre has not responded to that questionnaire. Please note that the NPC is unable to complete this review process until this form has been filled and signed by the individual whom signs(ed) the land water application, in this case Andre Douchane.

If either of the two of you, as mentioned in a email sent to Richard Dwyer will be signing the questionnaire, a note on a fax cover sheet stating you have signatory approval will suffice.

Once again, the sooner NPC receives the questionnaire, quicker the conformity determinations process can be completed

cheers/
