Subject: Starfield Resources Inc. - Remedial Action Plan - Old Camp Site and Seasonal Airstrip - Ferguson Lake

Hello Allison – I still have this report sitting in my inbox, received in April 2008. Please advise status. Last I heard from you was KIA decided that Starfield were to submit the plan in a letter format stating how the company intends to proceed. Was anything ever decided on this? Was it approved by KIA? Is this still a valid report and if so, the NWB requires the submission in electronic format. Hey, maybe you aren't even involved with Starfield anymore. So many changes in companies.

Good morning Allison – quite some time ago (April 2008) our office received a report entitled Starfield Resources Inc., Remedial Action Plan, Old Camp Site and Seasonal Airstrip, Ferguson Lake, Nunavut. You indicated that you were waiting on KIA approval prior to resubmitting an electronic copy. Was there ever an approval?

Regards,

Phyllis Beaulieu

Hi Phyllis;

Believe it or not, we only recently learned that the KIA has now decided that we are to submit the plan in a letter format stating how Starfield intends to proceed and then they will approve that. We have to finalize this and resubmit.

As soon as it is finalized I will send an electronic copy to you.

I wish you and your family a very Merry Christmas and all the best for the New Year. Hope to meet you in person in 2009!!!!

Thanks,
Allison

Hi Allison. I hope all is going well with you. A very Merry Christmas to you and your family and all the best for 2009.

A quick question for you. (I'm attempting to clear some of my backlog). Back in May, if you recall, the NWB was sent a Remediation Action Plan for the above file, which we only received in hard copy. Has this been approved by the KIA yet, and are there electronic copies available?

Hi Phyllis;

I will make sure that you get a copy electronically. We are still awaiting approval from the KIA though on the methodology that we have presented. As soon as we get that approval I will submit the remedial action plan in a more formal way.

Dionne attended the presentation that we gave in Iqaluit and at the meeting a number of people asked for copies of the plan. We did not have enough to go around so said that we would send them out. This has not yet been approved by the KIA though.

Thanks,
Allison

Hi Allison, are you still looking after this file for Startfield? Reason I ask is we received a Remedial Action Plan, Old Camp Site and Seasonal Airstrip, from True Grit Consulting Ltd. and it is hard copy only. I need to get this electronically and need a contact name at the company. Your assistance is appreciated.
