Dear Parties:

On June 13, 2013 the Nunavut Impact Review Board (NIRB) issued correspondence to Canada Coal Inc. (Canada Coal) which provided an opportunity to address submissions received during the public commenting period for the "Fosheim Peninsula – Coal Exploration Project" proposal (NIRB File No. 13EN001). The NIRB requested that Canada Coal provide its response to the Board by August 13, 2013. On August 12, 2013 the NIRB received a request to extend the deadline to address comments by 90 days. The Board approved this request and extended the deadline to November 12, 2013.

Please be advised that on November 8, 2013 the NIRB received the attached request from Canada Coal to extend the deadline for its response to public comments for an additional 30 days. Canada Coal has indicated that, if the extension were approved, they would use the additional time to conduct further consultation with the community of Grise Fiord and other interested parties. The NIRB finds this request reasonable and hereby extends the deadline for Canada Coal's response to comments for this file to **December 12, 2013**.

If you have any comments or questions, please contact Catherine Braun Rodriguez, Technical Advisor at cbraunrodriguez@nirb.ca or by telephone at (867) 983-4607.

Best regards,

Natasha Lear
