Hello Richard,

Sabina Gold & Silver Corp. (Sabina) would like to request a renewal and extension to our Type B Exploration water license 2BE-GEO1520 for the George property at the Back River Project (the Project). Sabina is requesting a renewal of the license for a further 15 years from May 20, 2020 to May 29, 2035 to allow for continued exploration in this area, concurrent with the development and operation of the Back River Project mine. Sabina has not identified any necessary amendments to the terms and conditions of 2BE-GEO1520 related to this reallocation.

On January 21, 2020, the NPC issued a determination that this Project is outside the area of an applicable land use plan and that this application is exempt from screening by the NIRB (NPC File # 149278, Attachment 3).

Regards,

Merle
