Good afternoon John – the NWB acknowledges receipt on December 12, 2011 of your application for an amendment to your current licence. Due to the fact that the technical advisor assigned to this file is currently away on leave I am not able to begin processing the file at this time. There will be a requirement to provide additional fees for water use. Once I have assessed the file I will let you know what the outstanding amount will be. There may also be a requirement for NIRB to review the file once more, based on new information.

Regards,

Phyllis Beaulieu
