Thank you Rita. The dates were on the page with instructions for publication.

I got the email off to News North and gave them a call, and they think that they can get it in Monday's paper anyway.

John

Ahh. I had changed the dates to January 31, 2002 because I realized it would be impossible to get it in today. Not sure if this is a template problem again. Regardless, next week Thursday is fine. My apologies for any confusion.

Rita
